

**LARKSPUR FIRE PROTECTION DISTRICT
2026 BUDGET
BUDGET MESSAGE**

SERVICES PROVIDED

The District was organized to provide fire protection services, including emergency medical services, to its 109 square mile service area located in southwestern Douglas County. The District provides these services through the operations of the Larkspur Fire Protection District – an all-hazards agency employing certified firefighters, medical technicians, and/or paramedics.

The District prepares (i) its budget on the modified accrual basis of accounting and (ii) its reports on the Fund Basis of accounting.

REVENUE

Property taxes:

The District's principal source of funding is received from the collection of taxes assessed upon real property. The mill levies and resulting tax calculations are shown on the page titled Tax Schedule. Statutory regulations and legal guidance were adhered to in determining the mill levies. In November of 2018, the voters of the District approved a ballot measure designed to address and limit future funding losses resulting from predicted decreases in residential assessment rates (RAR). In 2019, the State of Colorado lowered the RAR from 7.2% to 7.15%. Subsequent state efforts thereafter resulted in a RAR decrease to 6.8% RAR. In 2024 and 2025, additional legislative changes were implemented, to include (i) state-wide restrictions on "anti-growth" measures as well as (ii) limits upon revenue growth triggered by actual value increases which exceed 5%. For 2026, the District anticipates small revenue decreases over the next several years due to several factors, to include market-based appraisals of real property valuations, adverse influences resulting from additional legislative adjustments affecting RAR, and the potential imposition of further revenue growth caps.

Specific ownership taxes:

This revenue is based on a distribution of vehicle ownership taxes collected and pooled by the County. Our budget estimate is based on historical experience.

OTHER REVENUES

Ambulance Transport and Supplementary Revenues:

The District utilizes a fee schedule to charge for its emergency medical services. This schedule of fees is generally in line with the assessments made by other organizations for the same services and is reviewed and approved by the Board of Directors. The District utilizes a contracted billing service which invoices patients transported to medical facilities by District owned ambulances.

The District identified and selected a new private contractor to handle EMS billings with the goal of enhancing the recovery of reimbursement from insurance carriers. Initial reviews indicate that the District will experience a marginal increase (or better) in EMS receipts. The District has applied for the Colorado Emergency Medical Services Supplemental Payment Program resulting in supplemental operational funding. Additionally, the District occasionally invoices organizations which sponsor in-district special events that require agency resources.

Grants:

In February of 2022, the District applied for a grant for the purchase of a new ambulance (up to 50% of the vehicle's cost). The grant, which was approved for funding in June of 2022, is provided by the Emergency Medical and Trauma Services (EMTS) branch of the Colorado Department of Public Health and Environment. Due to covid-related manufacturing delays adversely affecting the delivery of new EMS apparatus, the ambulance was delivered in May 2025. No Federal fire-based grant programs resulted in awards in 2025. We anticipate several Federal and state application periods will open in early 2026 for a variety of grants which the District anticipates applying for. The District applied for a SAFER grant in 2025 to increase operational staffing that, if awarded, would fund 75% of the cost of three employees decreasing to 25% over three years (the District would be fully responsible for salaries under the grant beginning with year 4).

State Contributions:

The District makes contributions to the Fire & Police Pension Association Fund (FPPA) and receives a matching contribution from the State of Colorado. This contribution is applied to the retirement fund. Financial oversight of the pension fund is conducted by the LFPD Pension Board.

EXPENDITURES

General Fund Operating Expenses:

- Administrative expenses are projected to increase slightly from 2025 approved budget levels primarily due to inflationary increases expected in multiple line items including insurance, utilities, and supplies.
- The cost of conducting an election. The District's elected leadership has indicated that they may schedule an election to address potential funding shortfalls and future goals identified in the 5 year strategic plan.
- Employee wage increases due to cost-of-living adjustments (a 3% salary increase) and the normal accretion of employee compensation in line with District policies.
- A base-line adjustment in staffing levels at Station 162 (Perry Park) to four firefighters resulting in the simultaneous staffing of both a suppression and medic company for emergent responses throughout the District.
- Wildland deployment expenses are conservatively projected to occur within a similar range but, as with past years, this line item is subjected to significant volatility due to the unpredictable nature of wildland fires occurring at both the local, regional and national

levels. District fiscal practice has historically projected the collection of revenues and the payment of expenses to be a zero-gain commitment in fiscal terms with deployment income being utilized to fully offset expenses.

- Personnel benefit expenses are projected to increase due to various factors, to include: (a) a 18% increase in employee medical insurance costs, (b) FPPA (pension) percentage share increases due to employee wage increases and (c) a FPPA mandated 0.5% annual district contribution increase.
- Despite a slight decrease in dispatch costs, communications expenses are expected to remain stable or increase slightly due to more emergency requests for service. Radio acquisition costs can be offset by regional funding options when funding is available.
- Training, life-safety and prevention funding have increased over the last two fiscal years resulting in upgrades to our constituent services, an increase in our preparedness for emergency incidents, and safety enhancements protecting our personnel. These increases have concurrently encouraged career development and fostered staff advancement.
- Continued improvements in the District's IT components and software with routine maintenance, system upgrades, and enhancements being deployed to District devices to ensure security and effective service delivery. Long-term goals to replace equipment will be evaluated in conjunction with our 5 year strategic plan.
- Fleet expenses continue to be a challenging variable due to the age of the District's fleet, the historical absence of a fleet replacement plan, and delayed maintenance in past years. The District's recent acquisition of several replacement light-duty vehicles will help to control these costs by disposing of aging vehicles that have exceeded their useful life. Multi-year delivery schedules of new apparatus will require that new suppression apparatus be ordered in 2026.
- Operational equipment expenses are presently expected to slightly decrease due to the replacement and enhancement of tools and equipment over the last several years. Operational and training demands placed on this equipment may result in unexpected purchases or repairs.
- EMS expenses are expected to remain generally stable. The District anticipates the delivery of two new ambulances in 2026, and long-term financing for those units is in place.
- All LFPD facilities and structures have been substantively assessed and evaluated to identify maintenance and repair needs, with the District aggressively addressing identified deficiencies over the last several years to include the addition of sprinklers at Station 162, multiple roofing repairs, concrete replacement at Station 161, installation of welfare and safety improvements, and security enhancements at all LFPD locations. These past efforts should result in a decrease in overall expenditures in the upcoming fiscal year.

Debt Service Fund:

The Debt Service Fund collects the debt service portion of the property taxes. These amounts are applied as the scheduled payments on the 2011 bond. The final bond payment was scheduled for

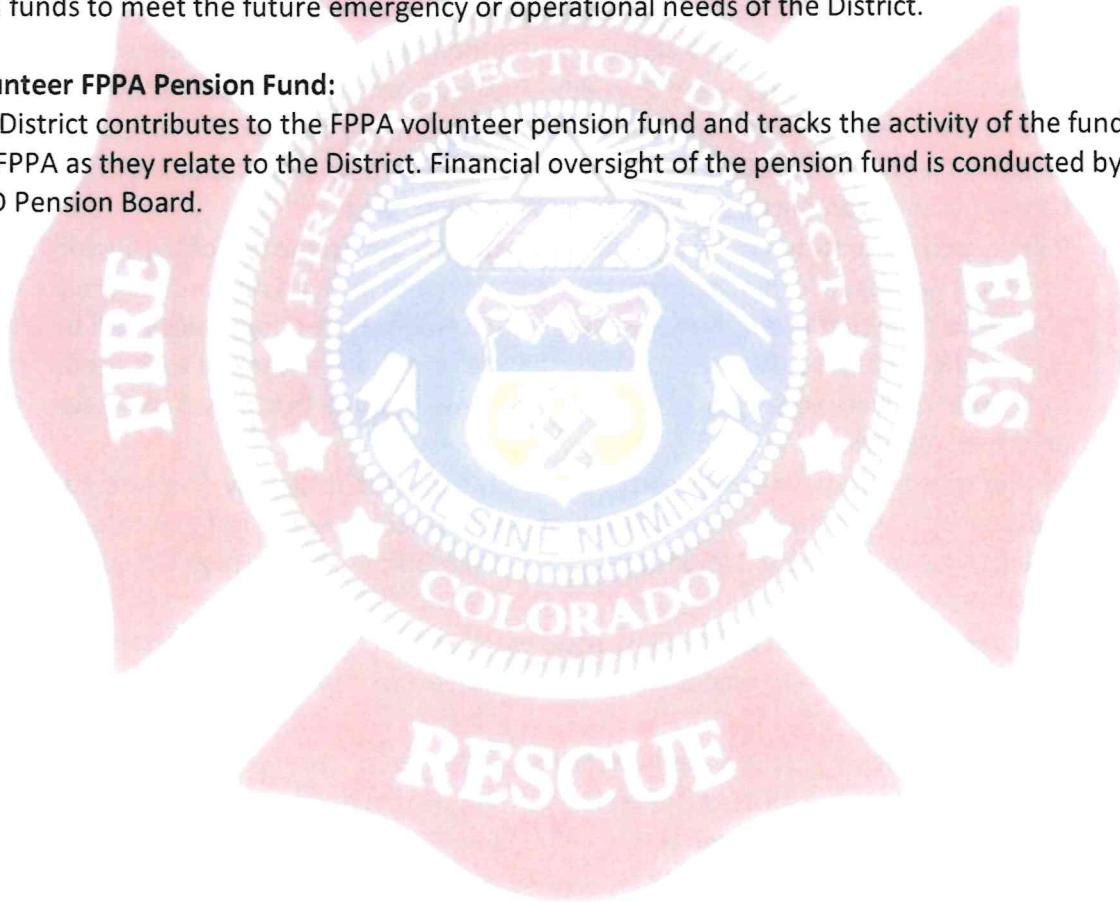

2026. However, the District was able to fully repay this debt in 2025, thus resulting in a tax savings to the District's tax payers of an amount between \$12,000 and \$15,000. No amounts will be collected in 2026 as the bond's note will have been extinguished.

Capital Projects Fund:

The Capital Projects Fund (CPF) is available for the purchase, upgrade or repair of capital items in excess of \$5000. The District had previously transferred funds from the General Fund to District's savings where such amounts were drawn as needed. In 2024, the District formally created a CPF to administratively segregate these monies from general expenses. Thereafter, the Board of Directors authorized the transfer of \$2,350,000 to the CPF. At present, the District is estimated to move approximately \$150,000 to CPF in 2026 to address future agency needs. Note: the administrative segregation of these funds would not prevent the Board of Directors from utilizing such funds to meet the future emergency or operational needs of the District.

Volunteer FPPA Pension Fund:

The District contributes to the FPPA volunteer pension fund and tracks the activity of the funds in the FPPA as they relate to the District. Financial oversight of the pension fund is conducted by the LFPD Pension Board.

**RESOLUTION OF LARKSPUR FIRE PROTECTION DISTRICT
#2025-007**

TO ADOPT BUDGET

WHEREAS, the Board of Directors of Larkspur Fire Protection District has appointed a budget committee to prepare and submit a proposed 2026 budget to the Board at the proper time; and

WHEREAS, such budget committee has submitted a proposed budget to this Board for its consideration; and

WHEREAS, upon due and proper notice in accordance with the law, said proposed budget was open for inspection by the public at a designated place, and a public hearing was held on December 10, 2025, and interested electors were given the opportunity to file or register any objections to said proposed budget; and

WHEREAS, the budget has been prepared to comply with all terms, limitations and exemptions, including, but not limited to, reserve transfers, and expenditure exemptions, under Article X, Section 20 of the Colorado Constitution (“TABOR”) and other laws or obligations which are applicable to or binding upon District; and

WHEREAS, whatever increases may have been made in the expenditures, like increases were added to the revenues so that the budget remains in balance, as required by law,

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Larkspur Fire Protection District:

1. That the estimated expenditures for each fund are as follow:

General Fund	\$ 5,669,550
Capital Projects Fund	\$ 672,842
Debt Service Fund	\$ 0
Pension Fund	\$ 202,000

2. That the estimated revenues are as follows:

General Fund	
From unappropriated surpluses	\$ 2,604,073
From sources other than general property tax	\$ 938,600
From the general property tax levy	\$ 4,151,161
Total	\$ 7,693,834

Capital Projects Fund	
From unappropriated surpluses	\$ 1,168,244
From sources other than general property tax	\$ 190,000
Total	\$ 1,358,244

Pension Fund		
From unappropriated surpluses		\$ 1,527,919
From sources other than general property tax		<u>\$ 130,338</u>
Total		\$ 1,658,257

3. That the budget, as submitted, and herein summarized by fund, be, and the same hereby is, approved and adopted as the budget of Larkspur Fire Protection District for the 2026 fiscal year.
4. That the budget, as hereby approved and adopted, shall be certified by the Secretary and/or President of the District to all appropriate agencies and is made a part of the public records of the District.

TO SET MILL LEVIES

WHEREAS, the amount of money necessary to balance the budget for general operating expenses is \$ 4,151,161 and

WHEREAS, the 2025 valuation for assessment for the District, as certified by the Douglas County Assessor, is \$ 233,054,190.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Larkspur Fire Protection District:

1. That for the purposes of meeting all general operating expenses of the District during the 2026 budget year, there is hereby levied a tax of 17.812 mills upon each dollar of the total valuation for assessment of all taxable property within the District, to raise \$ 4,151,161 in revenue inclusive of the mill levy for tax abatements.
2. That the Secretary and/or President of the District is hereby authorized and directed to immediately certify to the County Commissioners of Douglas County, Colorado, the mill levies for the District as hereinabove determined and set.

TO APPROPRIATE SUMS OF MONEY

WHEREAS, the Board of Directors of the District has made provision therein for revenues in an amount equal to the total proposed expenditures as set forth in said budget; and

WHEREAS, it is not only required by law, but also necessary to appropriate the revenues provided in the budget to and for the purposes described below, as more fully set forth in the budget, so as not to impair the operations of the District.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Larkspur Fire Protection District that the following sums are hereby appropriated from the revenues of each fund, for the purposes stated:

General Fund	\$ 5,669,550
Capital Projects Fund	\$ 672,842
Pension Fund	\$ 202,000

Adopted this 10th day of December, 2025.

LARKSPUR FIRE PROTECTION DISTRICT

By 
President

ATTEST:

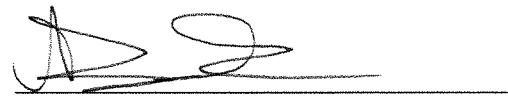

Treasurer

CERTIFICATION OF BUDGET

To: The Division of Local Government

This is to certify that the budget, attached hereto, is a true and accurate copy of the budget for the Larkspur Fire Protection District, for the budget year ending December 31, 2026, as adopted on December 10, 2025.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Larkspur Fire Protection District in Douglas County, Colorado, this 10th day of December, 2025.

President
